

**Parent Permission for child photographs or information to be used in Media Publications and/or 1<sup>st</sup> Ballina Scout Group Web Site**

Dear Parent / Guardian,

As part of 1<sup>st</sup> Ballina Scout Group we often participate in scouting events that may be included in media publications, which both celebrate Scouting achievements and promote community awareness of both our scout Group or Scouting Australia. These publications may include photographic material or printed information including your child's name.

In order for the committee and its leaders to protect your child's privacy whilst allowing for their achievements to be celebrated, we require your permission prior to publication of any material which contains information about your child. Please note that all proposed publications will be directly related to your child's participation in 1<sup>st</sup> Ballina Scout Group only.

1st Ballina Scout Group has its own website [www.ballinascouts.com](http://www.ballinascouts.com) this site directly relates to our group. Sometimes media publications will be placed on the site therefore parental permission must also be granted prior to publication.

Permission once granted will remain valid for a period of 12 months. Permission may only be revoked by placing your request in writing to the Group Leader. Below is a parental permission note relating to both our website and general media (newspaper, TV, Radio etc ) publications.

Thank you for your co-operation in completing this form.

Yours in Scouting

Janet Hale

Group Manager - 1<sup>st</sup> Ballina Scout Group

**Please complete the permission form below and return the entire form to your child's leader.**

I..... (Parent / Guardian) hereby
